QUESTIONS / ANSWERS

1. **Question**  
   Considering Addendum 3 has added a second cost category for each discipline, can you please confirm whether we need to submit 2 separate proposals for each cost category? If one proposal will suffice, would you consider adding pages to the project experience section of the proposal so we can add more project examples most suited for each category?

   **Answer**  
   A proponent may submit for both cost categories within the same proposal, if submitting for both cost categories the proponent may add 10 single sided pages to the page count for Organization and Experience section, refer to GENERAL CLARIFICATION below. Proponents submitting for multiple disciplines must submit a proposal per discipline per clarification in Addendum #3.

2. **Question**  
   Regarding 3.1.2, please clarify if 10 project examples for each construction value are expected for each submission (totalling 20 projects if submitting for both values). If so, will there be an increase in the page maximum to accommodate the increase of 10 projects from the original RFP?

   **Answer**  
   Yes, 10 comparable projects are to be submitted per cost category. Refer to response above for clarification regarding page count.
