WHEN USING SHARED WASHROOMS...

Consider washrooms as single occupancy spaces. Maintain physical distancing of 2m at all times in larger washrooms.

Check if the washroom is not occupied before entering. If occupied, patiently wait your turn 2m away from the door.

Wash your hands before and after using the toilet. Use a paper towel (or other barrier) to open the door as you leave where possible.

Remember...

- Wash your hands often with soap & water for 20 seconds.
- Cough or sneeze into a tissue or the bend of your elbow. Discard tissues immediately.
- Avoid touching your eyes, nose and mouth.
- Maintain physical distancing at all times.
